

Dilmi Weerakoon

UNDERGRADUATE AT SLIIT

I am student at SLIIT. I follow a BSc hons in biotechnology degree course. I am passionate about microbiology and food biotechnology.

About me

My goal is to become a scientist at microbiology and research field. I am always punctual to my studies and other works. In the school time also I participate all the extracurricular activities and many of societies. And I love to do sports. I have a good and helpful family. However now I try to do my best for getting the degree with first class.
